

# CLIMATE AMBASSADOR

(VOLUNTEER)

As a Climate Ambassador, you'll play an important part in the spreading CAM's message and reaching people across the town. Climate action doesn't have to be a formal thing; sometimes a conversation is enough to plant a seed... and this is at the heart of the Climate Ambassador role.

Your duties will include, but are not limited to:

- Engaging with the public about climate change, its impact, and how they be a part of the movement to stop it.
- Championing the university's commitment to tackling climate change and inspiring other students to do the same.
- Supporting Climate Action Middlesbrough's events and campaigns to help them achieve their full potential.

Full training will be provided and you don't have to be doing a climate-related course to get involved. To find out more contact...
